All events will be played on an initial group round-robin basis, followed by semi-finals (if required) and final.

If the number of entries is only sufficient for one group, the winner and runner up go through to the final.

If there are 2 groups, winners play runners up from the other group in a semi-final.

If there are 3 groups, the winners plus best loser play in a semi-final.

The round robin games will be played to 15 with no setting.

Finals will be the best of three games to 15 with setting.

The winner of the group shall be determined as follows.

- The player/pair who wins the most games.
- If two players/pairs have won the same number of games, the winner of the game between them.
- If there is no winner under (b), or if three or more players/pairs are equal, the player/pair from among them who wins the most points
- If two players/pairs are then equal, the winner of the game between them.
- If there is no winner under (d), or if three or more player/pairs are still equal, the player/pair from among them who loses the fewest points.
- If two players/pairs are still equal, the winner of the game between them.
- In the unlikely event of three or more players/pairs being still equal, the referee's discretion will be used!
